Facebook exchange touches on FOIA requests

A Facebook exchange between John Scrudato, a former Traverse City Area Public Schools teacher and union president, and Paul Nepote, a local resident who has spoken publicly against homosexuality, touched on recent state Freedom of Information Act requests to the district for records involving TCAPS and gay, lesbian, bisexual and transgender issues. Nepote has reviewed some of the documents. From Scrudato, April 5: Mr. Nepote, what is wrong with you. Why do you hate with such a passion people who may be different. Please stop your anger NOW. In fact GROW UP! From Nepote, April 5: I do not hate, I simply have a much greater understanding of homosexual activists than most. As far as telling me to grow up, is shouts of someone who has made a living organizing the pond scum of educators? My mother was a most respected teacher in the Beecher School System, near Flint. I can still remember my Mother in tears while watching union protected scum ball teachers walking the picket line, wearing their tank tops and blue jeans while waving union slogans in front of her school. Oh yes, not to forget the Camel Smokes hanging from their lip.

When it comes to "HATE", your flaming commissioner buddy who calls anyone who doe's not embrace his dangerous and unrewarding lifestyle "Ugly People", Haters, Homophobes, and much worse. I don't have a problem with those who enjoy unnatural lifestyles, I have a problem with homosexuals like Carruthers, and M'lynn Hartwell who are so obsessed with their same sex attraction's that they feel the need to force others to believe that their perversions are a natural part of everyone's sexuality. I can't think of any new parent who when seeing their newborn child for the first time looks up to heaven and shouts "God Please Let Him Be a Faggot". And yet your homosexual activist friends continue to try to convince our children that "IT'S OK TO BE GAY".

NOT IN OUR SCHOOL SYSTEM!

If we can identify TCAPS Staffers who are complicit in the efforts to promote homosexuality in our public schools by sharing students personal information with known "Gay Activists" we will contact every parent of every child who came in contact with those homosexual activists, or any of the groups fronting for and promoting homosexuality such as, Gay Straight Alliance, Gay Straight Educational Alliance, and any other organization who contacts school children without written parental permission on file with TCAPS administration. From Scrudato, April 6: From your rant reply I can only assume that you are: 1 really crazy and 2 as you claim to have a vast knowledge of "the Gay" you must then also be Gay....so sir, get over yourself and come out of the closet! And stop your hateful ways, not a good way to go as a Christian.
