Staying in Touch with Our Neighborhood

The meeting of Central Neighborhood Association will be on 14 May 2003 at the Central Grade School. We had a pretty good turn out of 30 people for the April meeting, but I would like to see many more for the elections. So please tell your neighbors who may not have e-mail. If we each bring a few extra folks we can have a great turn out.

We have some important issues that I will briefly discuss but I would like to be able to say that we have a consensus of most of the neighborhood. Especially when it comes to the TCLP under grounding issue and a possible investment of \$9,000.00 - \$10,000.00 or in some cases more per household.

It's also time for the Annual Dues. In this case a donation, remember according to our By-Laws only dues paying members can vote. So bring that piggy bank with you! I'll even go one step further, bring your soda cans, bottles, etc., and I'll turn them in for you and turn over the money to the Treasurer.

After the Central Neighborhood meeting we will have a meeting of the 7th and 8th Street Traffic Working Group. Again if your neighbors live on these streets and are not aware of the Traffic issues and what the Working Group is getting ready to purpose to the City, they really need to be at the meeting. Again it's important that we say we have a consensus of neighbors when we present items to the City Commission for consideration and approval.

Don't forget to check out the two Web Pages we are now using. They are: <http://wearetraversecity.com> and <http://www.historictraverse.com>.

Here is the line up for the Elections:

President: Tim Luckey

Vice-President: Mark Fisher

Secretary: Vicki Birgy

Treasurer: Pat Kessler

We still need people to be Board Members. We would like to have at least one person from each street. If your interested in being a Board Member or an office please just let it be known so it can put it on the agenda. You can call Tim at 946-6805 or 883-5520 or e-mail me at luckeytim@hotmail.com.

In regards to the last E-news about the City Survey, your eyes are fine. My machine for some reason did not transfer all of the fonts and so the print was two different sizes. Sorry about that!
